

KARACHI, PAKISTAN · EST. 25 SEPT 2025

Empowering youth. Healing communities. **Protecting the planet.**

A youth-led foundation running free medical camps, awareness campaigns, and relief drives across Karachi and Sindh — because healthcare is a right, not a privilege.

Why we exist

Help & Heal Foundation was founded to close gaps that fall between the cracks — in healthcare access, youth opportunity, and environmental responsibility. Everything we run is grounded in three pillars.

Public Health

Free medical camps, screenings, and awareness campaigns bringing basic healthcare to underserved neighborhoods.

Youth Empowerment

Mobilizing young volunteers as speakers, organizers, and first responders in their own communities.

Climate & Community

Environmental action alongside social welfare — from coastal cleanups to seasonal relief drives.

Our work, in order

A running record of every campaign since our founding — dates, numbers, and partners included.

OCT 15 – 29, 2025

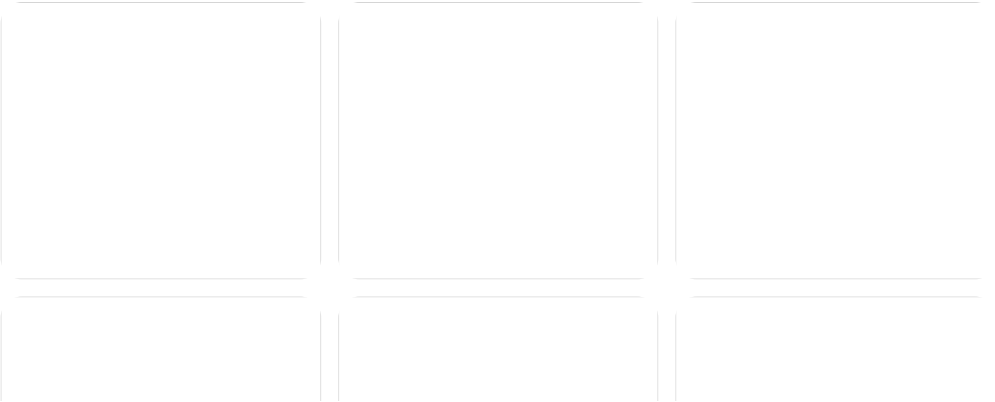

Breast Cancer Awareness Campaign

Seven awareness sessions held across universities, hospitals, and an online session, reaching students and the public with early-detection education.
